

Your green choice for a brighter tomorrow

A Trusted Expert in Multiple Sustainable packaging Manufacturing

Making your food paper packaging just became easier, unique and sustainable!

www.elempak.com

A lush green forest with tall trees and sunlight filtering through the canopy. The sun is bright and creates a warm, golden glow, casting long shadows on the forest floor. The trees are tall and thin, with dense green foliage. The ground is covered in green grass and ferns.

Caring Product, People and Planet

At Elempack, we prioritize environmental, health, safety, and sustainability practices. We are dedicated to providing excellent solutions that not only meet your packaging needs but also contribute to a better future. Our commitment includes reducing packaging material usage, minimizing environmental impacts through biodegradable, compostable, and recycled packaging options, and optimizing packaging design to save costs across the entire supply chain

OUR COMPANY

1 Elempack Profile

Founded in 2012, Elempack is an expert in disposable paper packaging, with three state-of-the-art production facilities: two in Guangdong, China, and one in Indonesia. Our operations adhere to stringent GMP and HACCP standards and are accredited with BRC, QS, FSC, ISO 9001, and Sedex certifications.

3 E²CO Packaging Solutions

Our commitment to sustainability is reflected in our range of recyclable, biodegradable, and eco-friendly packaging options. Choose from aqueous coating packaging, cellulose packaging, PLA coating, bamboo packaging, and FSC-certified paper to minimize your ecological footprint.

2 Extensive Packaging Range

Our extensive portfolio includes Food folding cartons, FMCG folding cartons, paper bags, food wraps, Pizza/Cake Boxes, and Napkins, providing comprehensive solutions for various packaging needs

4 Excellent Service

We pride ourselves on delivering tailored and innovative packaging solutions, exceptional service and design, cost optimization and efficiency, and assured packaging quality and safety. Elempack is dedicated to meeting your specific packaging demands with excellence.

Wide Range of Eco-Friendly QSR Packaging Solutions

ONE-STOP SOLUTIONS for a wide range of sustainable packaging, an extensive selection that not only caters to your needs but aligns seamlessly with your green values.

AQUEOUS COATING elevate water and grease resistance, heat sealability, as well as biodegradability and recyclability for bags, boxes, and wraps..

BAMBOO-BASED NAPKINS seamlessly integrate sophistication into your dining experience while contributing to a greener world

BEVERAGE

Elevate Your Beverage Experience with Innovative and Earth-Friendly Packaging Solutions

AQUEOUS COATING CUPS: Crafted with water-based coatings, these cups offer a smooth, safe, and fully recyclable option that keeps your drinks tasting great while respecting nature's balance

S-FLUTE SNACK BOX: With its unique S flute design, it boasts remarkable strength for your treats. Its heat insulation keeps food at the perfect temperature. Plus, it optimizes paper use, reducing waste

FOIL INSULATION HANDLE BAG: to ensure your food and beverages arrive in the peak of freshness, featuring foil insulation to maintain optimal temperature. Equipped with a convenient double-sided tape on top for ease of use

PIZZA

Wide Delivering Taste,
Freshness, and Strength in Every
Slice

VERSATILE DESIGN PIZZA BOXES offer a versatile range of options to match your culinary identity. From dimensions to lid styles, we have you covered, ensuring your pizza not only tastes amazing but looks impeccable too

FOOD GRADE PAPER pizza boxes assuring your customers that their favorite slices are packaged in materials that meet stringent health and safety standards

CUSTOMIZABLE FLUTE Options for Added Strength: Choose from flutes B, E, F, and G to tailor the box's sturdiness to your needs.

GREASE PROOF INSIDE LAYER forms an impenetrable shield against oils and liquids, preserving the box's strength and your pizza's tempting appearance

BAKERY

Innovative Packaging for Flavorful Moments

AQUEOUS COATING BAKERY BOX: Grease-proof, eco-friendly, and heat-resistant, it locks in flavors while staying freezer-friendly for fresh treats. Its heat-sealability ensures convenience and sustainability in every use.

ARRAY OF WINDOW BREAD BAG: a tantalizing display of your culinary artistry. With various options, each bag showcases your delights, enticing customers while keeping treats fresh and inviting.

SILICON-PRINTED DUAL SIDES BAKING PAPER mitigates the risk of ink smudging during steam heating or when wrapping oil- or water-based foods. This technology ensures that your packaging retains its elegance, even in the face of the messiest culinary adventures.

RETAIL FMCG

Delivering solutions that prioritize innovation, sustainability, and versatility

WATER-BASED FILM REPLACEMENT VARNISH offers the same brilliant gloss and protection as traditional films but with an eco-conscious twist

GREEN PRINTING using of eco-friendly materials and processes, minimal pollution during printing, resource and energy conservation, easy recyclability and reusability of printed materials, natural degradation, and a minimal ecological footprint

VARIABLE DATA PRINTING enables precise customization, whether it's for tracking, unique identifiers, or personalized messaging

FROZEN STORAGE PACKAGING designed to maintain the perfect temperature, ensuring your products stay as fresh as the day they were created. Rest easy knowing your frozen goods are in packaging that prioritizes quality and integrity
